SUMMARY

Information Science and Engineering student with a good foundation in software development, web development, and software testing. Passionate about engineering clean, scalable solutions and also seeking global opportunities to contribute to world class tech teams. Currently learning Japanese to bridge technical excellence with cross-cultural communication.

PROFESSIONAL EXPERIENCE

Web Development Intern 07/2025 – 08/2025
Skill Craft Technology Bangalore

EDUCATION

SJB Institute of Technology 10/2023 – Present
BE in Information Science and Engineering Bangalore
CGPA:9.78

Sri Kumaran Children's Home Composite Junior College 04/2023
PUC Bangalore
Percentage:94.5%

Apollo Convent 08/2021
10th Bangalore
Percentage:96%

SKILLS

C	Java
HTML	CSS
SQL	JavaScript

CERTIFICATES

- Software Engineering Fundamentals-Software Development and Testing (Infosys)
- AWS Cloud Technical essentials
- Learning Full Stack development (Infosys)
- NAT Q5

LANGUAGES

- Telugu
- Japanese
- English
- Kannada

PROJECTS

Pictovoice-Pictures That Talk

Developed an AI powered application that analyzes images, generates captions using deep learning, and converts them into natural sounding speech. Leveraged CNN, LSTM, and text-to-speech technologies to enhance accessibility and transform visual content into meaningful audio descriptions.

Restaurant Reservation System

Developed a full-stack restaurant reservation platform using MongoDB, Express.js, React.js, and Node.js, enabling users to browse restaurants, reserve tables, and manage bookings seamlessly.

Medication Reminder System

Developed a medication reminder application with a MySQL database managed through DBeaver, enabling users to track medications, schedules, and dosage information efficiently.
